

CORE VALUES

PAY IT FORWARD

There is a well known saying if you teach a man to fish he can fish for a lifetime but if you give a man a fish he can only eat for a day.

I POSE THIS QUESTION. WHILE YOU ARE TEACHING A MAN TO FISH SHOULD HIS BELLY BE EMPTY OR FULL?

My mission is to see what happens when entrepreneurs simultaneously teach a man to fish while feeding him until he learns to fish on his own. Part of the teaching is to teach him to use his fishing skills to simultaneously teach and feed others.

CURIOSITY

Teaching the word Eudiamonia and encouraging each individual to listen to their inner voice to develop a deep sense that their life path is unique to them and only them. Be curious and ask themselves the question what is their life path leading them to do?

BOLDNESS

Living an intentional life by design of emotional spiritual and financial abundance to lead a deeply fulfilling journey in life.

FAMILY TEAMWORK TRANSPARENCY AND TRUST

Great open communication between family members encouraging each others dreams.
